Plant	Peter's Taste Test	Customer Rating	Water Needs
Lettuce  Green		3	
Tomato  Orange		5	
Carrot  Yellow/Orange		4	
Radish  Red		3	

**Look at the table now. We have added a column that shows how much water the plants need. The more drops means the more water. Based on what you see in the table, which two vegetables should Peter and Mr. McGregor choose? Use the recorder to tell your answer.**

Plant	Peter's Taste Test	Customer Rating	Water Needs
Lettuce  Green		3	
Tomato  Orange		5	
Carrot  Yellow/Orange		4	
Radish  Red		3	

Here is a ten frame so you can plan your garden. Choose two plants. How many of the first plant will you plant? How many of the second plant will you plant? Draw them.

# Draw It

Plant	Peter's Taste Test	Customer Rating	Water Needs	Sunlight requirements
Lettuce  Green		3		Full sun 
Tomato  Orange		5		Full sun 
Carrot  Yellow/Orange		4		Full sun to part shade  
Radish  Red		3		Full sun to part shade  

Here is a new table that shows how much sunlight the different vegetables need. Does this change your choice? This time, choose three vegetables and draw them in the ten frame model of the garden. How many of each vegetable did you choose?
